A short note on Dr. Sisir K. Bose s/o L. Sarat Bose of 1 Woodburn Park, Calcutta.

The subject came to notice on the 9th May 1946 when he took part in the reception of Maj. General Chatterji of I.N.A. on his arrival at Howrah Station. ~~On~~

On 8th September '46 the subject delivered speeches at the meeting of the Doctors and the Medical students at University Institute Hall extolling Maj. Genl. Chatterji for his sacrifice for his country and demanding his release.

He also used to visit the office of the I.N.A Relief Committee 'Bow Bazar'.

In 1948, he became the Secretary of I.N.A.C.

In 1952 Sisir Bose made correspondence with Prof. C.R. De-Costa of Bombay asking him to help the former for his book on Netaji.

In July 1958 he communicated with Frau Emilia Schenkla of Vienna, Austria, intimating her about his visit to USA and the ~~poss~~ likelihood of his dropping at Vienna on way back.

In August 1958, he made correspondence with Mr. Richard H. Kahl, Manager, Travel Service regarding his travel-arrangements for going to USA for studies.

In 1960, he communicated with Lia Akbar Sahah, B.A. LL.B. of Poonah, West Pakistan.

he had been at Taipei and met Mr. <sup>Sih</sup> Shou-Heng, Director of European Dept. Ministry of Foreign Affairs and discussed with him on a "Very Important Subject". He also stated that it would be necessary for him to keep in touch with Mr. Shou-Heng through correspondence and asked to send all communications for the subject through the address for speedy and safe transit.

Meanwhile on 29.12.63, Joichi Yokobori, of Kyodo News Service, Tokyo, Japan communicated with the subject discussing about the materials obtained regarding Netaji in Japan.

On 5.1.66 the subject communicated with Mr. <sup>Sih</sup> Shou Heng, Director of European Dept. Ministry of Foreign Affairs, Taipei, B. informing him that the subject had earlier sent 2 copies of the book "Netaji Mystery" of Dr. Satya Narayan Sinha to Mr. Sih in Hong Kong, and <sup>also</sup> inquired about the progress of the investigation of the alleged air-crash of Netaji in Taiwan in 1945.

In the same year (1966) M.R. Uyas of 127 M. Gandhi Rd, Bombay communicated with the subject about some materials regarding Netaji & I.N.A.

On December 17, 1967, a party was held at the residence of the then 1st Secretary.

of Pak D.H.C. in Calcutta which was attended by several <sup>guests</sup> ~~gentle~~ ~~car~~ ~~and~~ who came by cars including the car of WB 6927, which was reported to be the car of the subject.

On March 29, 1968, another party was held at the local <sup>Pak</sup> ~~Chancery~~ at 9 Circus Avenue, Calcutta, attended by many guests, who arrived there ~~by~~ <sup>by</sup> cars, which included the car bearing number quoted above.

On <sup>12th</sup> ~~22nd~~ June '68 the subject attended the meeting <sup>at 1 Woodburn Park, Calcutta</sup> of ~~the~~ ~~22nd~~ Jana Sangh leaders like Balraj Madhok, Haripada Bharati, and Amiya Nath Bose, founder of Azad Hind Front, and discussed over the proposed formation of a 3rd front in W. A casual agent reports on 23.11.61 that Aniya Bose 63 Elliot Road, Calcutta, communicated on 21.11.61 with Dr. E.N. Komarov, c/o. Institute of Peoples of Asia U.S.S.R. Academy of Sciences, Arnyansky Perouluk-2, as follows:-

I spent a few days in Tashkent before I returned to India.

I had contacted Dr. Basu of the National Book Agency, immediately on my arrival at Calcutta. Mr. Basu was not well hence the delay in sending this note.

Mr. Basu has already received informations about some of the books in the list and have written for others.

He has made arrangements to send you New Age, both weekly and monthly (1962) and the Indian Labour Journal by AIR. Mrs. Komarov's book on 'Yoga' will also be sent by AIR.

Other books in the list will be sent either by AIR or SEA as well be advised by Mr. Basu, though I have told him to send all by AIR. In any case we shall see that things are not unnecessarily delayed.

You will be glad to know that I have already spoken about my impressions of the Soviet Union and are scheduled to speak at several places soon. I need not tell you I had a very interesting and instructive time in the Soviet Union. I wish I could stay a little longer, may be I do that in future.

Here everybody wanted you to be back amongst us, but I suppose your work in Moscow is more important.

A casual agent reports on 15.12.58 that Shri Aniya Nath Bose, Woodburn Park, Calcutta 20, communicated on 12.12.58, with Dr. Sisir Kumar Bose, 692, Huntington Avenue, Boston-16, Mass. U.S.A. as follows:-

"I hope you received the letter I had written to you from Rome.

I shall speak to Dr. Lane about the ground floor and request him to vacate it towards the end of next year.

We have started making arrangements for the birthday celebrations. Celebrations will, of course, be held under the joint auspices of the two organizations.

I understand that the Child Health Centre is, on the whole, working satisfactorily. This month we have elected Suprakash Morumdar as Treasurer of the Academy. We have started German language classes and we now have nearly 40 students.

This year we shall be holding a book exhibition as well as an exhibition of publications on Netaji. I have brought from Germany photo copies of English, German, French and Italian newspaper cuttings containing news about Uncle. We shall also include in this exhibition some of his letters.

I received last week 'recollections' of Ambassador Enrico Auzilotte. He was the second man in the Italian Embassy in Kabul in 1941. We have, however, to treat this document as confidential for the present. I also met Ambassador Quaroni in Bonn. He will send me his 'recollections' sometime in January.

I am glad to know that you have a comfortable flat.

We shall probably be going up Kursoong during the Christmas holidays. Danti Dada might be accompanying us.

Lalita Bose has been issuing press statements about Anita's home-coming in 1960. She has, as expected, laid many silly things".

Copy of an English Typed letter dated 23.3.49 intercepted at Elgon Road P.O. 24.3.49 bearing a postal seal of issue 'Nil'. From Aniya Bose, 1, Woodburn Park, Calcutta-20 to Dr. Sisir Kumar Bose, 30, Frognal, Hampstead, London N.W.3, forwarding under Memo. No. 4930/P.P. 632/49 dated 24th March, 1949 from D.C.S.B., Calcutta to S.S.P., I.B., West Bengal. Government Order No. 1735 P.S. dt. 20.9.48.

My dear Neta,

I am very sorry for not having replied to your letter till now. I have, of course, been getting news about you from your letters to mother and others. I am interested to know if you have met any of the Indians who used to work with me when I was in London. I know that you have met Akbar Khan. I wonder if you have met Syed Amir Shah. Do you happen to meet Akabadi from time to time? He is very anti-Monon that is the reason why he used to support me as against Monon. He is not a dependable person but, he may be useful to me.

I think it is very necessary to set up a London office of the Socialist Republican Party. I am sure it will not be advisable for you to play a prominent part in its formation, but you may encourage certain persons from behind the scene. It is not necessary to have many persons associated with the party. It will be sufficient if a few active persons get together and start a London branch of the party. You may have a talk with Akbar Khan about this matter. I saw in the news-papers here that B. B. Ray Choudhury was going to organise a branch of the socialist party of India in London with the assistance of the Indian Workers' Association. This must be prevented at all cost. If Kabadi promises to help and if a few energetic persons can be got together the London Branch of our party should be started without delay. The London office really will not have to do much work, except holding a few meetings and issue statements regularly. It should keep in touch with me and I shall give them necessary information and advice from time to time. Will you please find out if R. Mazumdar, Proprietor of the Hotel Regina at the Gloucester Road(?) is still alive? It might be a good idea if you would call on him once. He is a very funny old man and may be persuaded to assist the London Branch of our party with funds. R. Mazumdar hates Monon and he will do everything to discredit him.

More in my next letter I hope this will find you in excellent health.

With love

yours very affectionably  
Sd/- Aniya.

(11). DR. SINGH KUMAR DOSE.

A secret information disclosed that this gentleman of 1, Woodburn Park, Calcutta 30 informed P.Y.LU, Box 87, C.P.O., Hongkong that the former was in Taipei in November last when he met Mr. SIN KHOU HENG, Director of European Department, Ministry of Foreign Affairs and discussed a very important subject. It was stated that in this connection, it was essential for DOSE to keep in touch with SIN through correspondence and that too through LIO. Hence DOSE requested LIO to forward the packet containing two booklets entitled "Netaji Mystery" being sent shortly to SIN at the earliest.

(iii) Publication of Netaji's letters.

According to a secret information Mrs. ALEXANDER KURTI of West Hartford, Conn, U.S.A., informed Dr. SISIR K. BOSE of Calcutta that she was glad to know that he liked her script and he felt that this piece of writing should be published. She included Netaji's speech for the enlightenment of the foreign readers and the Indian cause was briefly and brilliantly expounded there. She was interested in his project in having Netaji's letters from 1924-1938 published. She suggested that these letters should appear complete with her essay within the frame work of his collection of letters or within the frame-work of any other com - as suggested by the Asia Publishing House.

A casual agent reports on 20.9.41 that Miss E. Bose, General Secretary, Netaji Bhawan, Netaji Bhawan, 22/2, Main Road, Calcutta-20 communicated on 19.9.41 with Mrs. Eikichi Suzuki, Vice Chairman, Sukuma Chandra Bose Academy, 170, Marujima 2-chome Tokyo, Japan, as follows:-

Will you kindly refer to my note of the 28th June, 1941, in connection with the availability of microfilm of (1) PA; on Times and (2) Ayman Shikhar for research purposes & I shall feel grateful if you will kindly let me know the position in this regard. There may be professional agencies in Tokyo who undertake micro-filming work. If you could get us such an agency to do the microfilming for this Bureau, I shall apply to the Government of India for permission to visit the necessary expenses.

You will also please refer to Mr. Jaiya Seth Bose's note to you dated 28th May, 1941, in connection with your very generous offer of a host of Netaji to Netaji Bhawan. I shall appreciate your letting me know when you expect the host to be ready and when can we expect it to reach India. We have started planning the programme for Netaji's next Birthday celebrations commencing on January 23, 1942. If there is a possibility of the host reaching Calcutta before that date, we should like to have a formal presentation ceremony on the morning of January 23, 1942. I should like to know also your wishes as to who on your behalf should make the presentation. An early contact on this point will help us to finalise the programme in this regard.

.....

My dear Noru,

I am sorry, for this inordinate delay in replying to your last letter. I had shown your letter to father. You should, of course, try to complete your course as soon as possible. But I think you should not miss the opportunity of working in Switzerland.

This time father is really careful. The United Socialist Conference showed that father's physical presence was not always necessary. He can easily function as the ultimate authority and guide the leaders of the movement.

For the last one month a rather strange broadcast is being heard over the radio. We are getting this broadcast on the short-wave near 16mm. The broadcast only says (1458 35.42.26 transmitter - 2 52W 700 (12/2)) This sentence is repeated for hours. We do not quite know where it is coming from, because that is not announced. It is possible, however, to find out the location of a transmission. You may perhaps, ask Kabadi to follow this up.

Though father is feeling better now, we shall not allow him to attend Court till January. All being well, I feel that he should again go to Glion for two months in May of next year. But this time he should not travel only with mother.

Please follow up the contacts that you made in Paris at the International Conference. In particular try to find out if any of the German generals are again active in Western Germany. Can you find out from journalist friends in London the whereabouts of General Halder, Ex-Chief of the German General Staff? Recently, a book written by General Halder has been published under U.S. License. Please find out if there is any English version of that book and if it is available please send me a copy as soon as possible.

How are you? My baby is prospering. Rest are keeping well.

With my fondest love.

Yours affly.

Sd/- Amiyath Bose,

(iii) Netaji Research Bureau.

A secret information disclosed that Dr. SISIR K. BOSE, Exe cutive Director of this Bureau, Netaji Bhawan, Calcutta-20 requested TATSUO HAYASHIDA, T. Hayashida & Co., 28 21st Street, 3-Chome Harnoshi, Fukuska, Japan to enlighten him on the following points in connection with NETAJI's death :-

- (1) When and by whom, was he informed of NETAJI's death :-
- (2) Did he see NETAJI in hospital?
- (3) Did he see NETAJI's dead body?
- (4) When was the cremation held and was he present at the Cremation?
- (5) Was he present at the Crematorium when the ashes were collected and what was the nature of the last remains which were put in the box now preserved at the Kenkoji Temple in Tokyo?

It was mentioned that the Netaji Enquiry Committee made a great mistake by not visiting Formosa and holding an investigation on the spot. Moreover there was no judicial person on the said Committee,

A casual agent reports on 20.8.65 that Dr. Sisir K. Bose, Executive Director, Netaji Research Bureau, Netaji Bhawan, 38/2, Elgin Road, Calcutta-20, communicated on 17.8.65 with Mr. Tatsue Hayashida, T. Hayashida & Co., 23, 21st street, 3-Chomo Haruoshi, Fukuoka, Japan, as follows :-

I have already informed you that I duly received your manuscript through Mr. Bguohi, son of Mr. Tatsue Abo. As I have been very busy with new publications of the Bureau, I have requested one of my colleagues to give it a preliminary reading. I shall soon discuss the manuscript with him and then pass it on to Asia Publishing House.

I should like to inform you that in India birth anniversaries of great men are celebrated. Death anniversaries are usually not. So, in deference to public feeling and sentiments it is better not to emphasise on the anniversaries of the death of any great man. My main purpose in writing this note is to inform you that a new situation has arisen in this country regarding Netaji following the publication of a series of articles in the Hindustan Standard of Calcutta by Dr. Satya Narayan Sinha, a former member of Parliament and of the Indian Foreign Service. Dr. Sinha visited Formosa in November-December last and made enquiries regarding the air crash. A number of Chinese nationals were produced before him by the present Government there and who made statements to him which are at complete variance with statements made by Japanese friends before the Netaji Enquiry Committee. Dr. Sinha has written further that the present Government in Formosa have documents in their possession showing that an air crash of the same description occurred in October 1944 but no such air crash took place in August 1945. It is reported that the Formosa Government will publish these documents if requested to do so by the Government of India. The matter will most probably come up before the Indian Parliament during its coming session which has just begun. A demand for a new investigating commission consisting of judges has been raised from many parts of the country. I shall keep you informed how things develop.

Some time ago I have sent two paper cuttings of Dr. Sinha's articles to Mr. Yochi Yokobori, (The Kyogo News Service, 2, Hubiya Park, Chiyodaku, Tokyo). You may please obtain the cuttings from him and read them.

So far as I can recall, I have not found among your manuscript a detailed statement from you regarding the air crash except in regard to the transport of the ashes from Formosa to Japan in the company of Habib-Ur-Rahman. I should therefore like you to please enlighten me on the following points :-

- 1) When and by whom, were you informed of Netaji's death?
- 2) Did you see Netaji in hospital ?
- 3) Did you see Netaji's dead body ?
- 4) When was the cremation held and were you present at the cremation ?
- 5) Were you present at the reinterment when the ashes were collected and what was the nature of the last remains which were put in the box which is now preserved at the Renkoji Temple in Tokyo ?

I hope you do not mind my asking these questions. You will not doubt realise that we are in a difficult situation. Such are the questions which I am asked continuously by a large number of people.

The Netaji Enquiry Committee made a great mistake by not visiting Formosa and holding an investigation on the spot. This weakness of the investigation is obvious and the demand for a new investigating commission from this point of view is a legitimate one. The other point that is being raised is, there was no judicial person on the Netaji Enquiry Committee.

A casual agent reports on 7.4.65 that Yoichi Yokotore, Tokyo, Japan, communicated on 3.4.65 with Dr. Sisir K. Bose, NRB, Netaji Bhawan, 38/2, Elgin Road, Calcutta-20, as follows :-

With all apology I approach to you with the hope that you will kindly excuse my long interval between the last letter and present one. I was badly busy with my special assignment to cover the U.S. forces activities here in connection with Viet Nam problems and due to this I had to spend a considerable long time away from Tokyo since the first week of March. I may go to Korea probably next week to write the story there.

However I am just sending all materials by surface mail and I hope they will reach you at the end of April. According to your request I strived to find out the Japanese newspapers (The Asahi and The Mainichi) on the 24th August, 1945 which report the air crash accident and death of our Netaji. At the same time I have succeeded to make copies of important Japanese newspaper's reporting Netaji and INA activities with the kind cooperation of my intimate photographers. I also included the main magazine articles, memoirs on Netaji by ex-General and other closely related Japanese with Netaji. So I believe I had sent most of the main and important English, Japanese newspapers and magazine articles on Netaji. In addition to them, I have sent 3 volumes of condensed edition of "The Asahi" (leading newspaper), special bound volume of the Nippon Times, 2 different editions of "The Indian Struggle", "War story in Burma", "The day when England defeated", "The awakening of Asia", "The situation of India" together. On 3rd March, ex-General Shezo Kawabe who fought together with Netaji in Burma died. Recently I wrote the letter to his relatives asking whether they are still keeping some materials on Netaji or not. I got a letter from Dr. Ba Maw the other day and I am anxious to know if you get his undelivered speech on Netaji or not. We are sorry he could not get the visa.

I thank you for your sending me recent NRB Bulletin. I was asked to write some essay on ex-Asian leaders during the war for some papers here. If you are kindly enough to send me the photographs of which I've asked your favour the other day (Netaji on boat, his statue and so on) and recent portrait of Mrs. Lakshmi Sawgal and yourself. And please let me know the list of publications on Netaji which is available today and your plan of publication using the speech and interview article during the war time.

For your convenience, I have sent some leaflets of the Asia center, one of the inexpensive hotel in Tokyo, as well as the tourist handbook.

Incidentally would you let me know, whether Mr. Joshe? The young Indian scholar who visited Japan, has finished his publication on the history of INA?

Acasual agent reports me on 19.1.65 that Tatsua Hayashida, T. Hayashida & Co., 28 21st Street, 3-Chome Haruyoshi, Fukuoka, Japan, communicated on 15.1.65 with Mr. Sisir K. Bose, Executive Director, Netaji Research Bureau, Netaji Bhawan, 38/2, Elgin Road, Calcutta-20, as follows :-

I am very much indebted to you for your intermittent long letters for me. It is very much informative and enlightens me much about the activities of yours about Netaji's stature in India. I am fortunate to be in correspondence with you atleast at this stage, if my endeavours to bring out a book on Netaji.

I heartily welcome every information about the lively energetic activities of your meritorious institution about Netaji, in India. I need the commemorative stamps of Netaji issued by the Govt. of India. I will be pleased to have a copy of the page published by the "THE TIMES OF INDIA" sometime last year. I tried to secure the same at the Indian Embassy at Tokyo but in vain. If it reaches me earlier I will bring it out in my book to speak of the recognition of Netaji by the Govt. of India. It is with great pleasure I will acknowledge the book of yours of Netaji's birth anniversary. Let me be its proud recipient from your offices.

I congratulate you for the eventful occasion of holding an exhibition at Delhi. This is an amazing news for me. I have made a bust of Netaji from the skilled artists at Hakata. These Hakata dolls are done with great precision and hand-made. I brought out an efficient piece with greater perfection, of the bust of Netaji in Army-uniform two years ago. I shall send you a piece carefully packed by sea-mail for your Museum at Calcutta.

I will be pleased to hear from Messrs Asia Publishing House, Bombay, India about my book publication. The representative at Tokyo of AMRIT BAZAR PATRIKA, Calcutta approached me with directions from their office at Calcutta. The matter is not yet finalised.

I am giving below a copy of a letter written to Mr. D.P. Sharma, 17, Panchanan Ghose Lane, Calcutta-9, along with the letter of copies of him to me.

With regards.

Copy of a letter addressed to D.P. Sharma.

It is my pleasure to acknowledge your kind letter dated the 9th Jan'1965. I had been through the contents. I respect that the spirit of Netaji is always present with you. It should serve a noble cause in his honour.

I could see from your thoughts that you are not inclined to know the details about the demise of the Netaji S.C. Bose. You corner me to admit the fact of his existence in India. It will not serve any purpose to go into arguments. I wish you to be happy to carry on with the message for your people.

contd.....2

The fortunate are the few of the Japanese war-time personal who had the acquaintance of Netaji and the Indian I.N.A. officers. It was on the 15th of August 1945, Netaji was leaving for Tokyo along with the Indian Officers and the Japanese Army Generals, by an Army- aircraft from the Air-fields of Farnesa. He became the victim of the air-crash along with the others in the place except one Indian Habib-ur-Rahman who escaped with trivial. The Army command did all their best in honouring this Indian leader, secured his ashes and I was the privileged to be ordered for its removal to Tokyo. The ashes are now at RENKOJI Temple at Tokyo. I met the Commission lead by Shah Nawaz who summoned me in connection with their enquiry. Having so much known about Netaji's demise, how can I be convinced that he is bodily present in India. His spirit is always before any one who has his inspiration for all the qualities that he possessed.

Being outside India Netaji was warning the Leaders of the Nation against the duplicity of the British policies towards the freedom for India. Netaji would not have rested in peace or at rest with the later political developments in India on its independence. I am not discussing the issue as a politician of any interests.

As a humble man gaining the acquaintance of this Indian leader and his I.N.A. officers, I reverently admire the deeds of this National Hero of the Indian people. I am for the future generation of the people of Japan to know about this great personality, the one man who had seen and correctly interpreted the British who left India only after dividing the country in their interests. Will ever this happen if Netaji is alive? It is for you to answer for the people of India with the spirit of Netaji guiding you.

With my most humble regards for all of you.

Copy of a letter addressed to Mr. Hayashida

I thank you for your letters of 31-12-64 and 1-1-65 addressed to our friends viz; Sri D.K. Mukherjee and others.

I understand from your letter that Netaji is no more with us because of the fact of official & ready-made conclusion but we are sure that Sri Subhas Chandra Bose is still alive and he is now "World acknowledged human leader" and living at Shaulmari Ashram. It is also true that the facts of details of Netaji's demise in a pre-planned air-crash at Farnesa, has been kept secret in the greater interest i.e. to say the a safeguard the interest of Shri Subhas Chandra Bose and these clear terms of planning war not made known to the public of India. Along with you and your noble friends of Japan we also feel ashamed seeing these few wicked power loving people who have disgraced our holyland. However, truth will survive. There is no power on the earth to check re-appearance of Shri Subhas Chandra Bose in the form of Netaji or in the garb of a monk, in the World as a saviour of a mankind. The world will be shocked and astonished by the spiritual work of this noble man. They would bow down to the earth. I am not hesitating to write to you that in this conspiracy in order to curb the truth, LORD MOUNBATTAN is also likely to be involved.

Contd.....3.

- 3 -

Never mind, the God is with us. We shall triumph. We may be poor, we may not have resources, still truth is with us. Beyond all Shri Subhash Chandra Bose by his spirit is always present with us.

For your information, we may tell you that recently my friends visited Benaras which is place of Sarnath, there they found all the monks are waiting very eagerly for His arrival. Every body wants to throw off this untruthful affairs by scraping 'Shah Nawaz Commission's report.

If you desire, we can send you further information of Shaulmari affairs and also of "Netaji Episode" published in the papers new-a-days.

Once again, I thank you for your such cordial and impressive letter written by you against all these times odd currents.

Thank you very much for your letter of September 1, 1964 which was redirected to me from my Bombay address. After writing to you I went to Southeast Asia and among those whom I met were many people who had associated with Netaji. After spending a few weeks in Singapore, Bangkok and Cambodia, I returned to the University of California here.

I shall await copies of Sarat Chandra Bose-Nehru correspondence from you. You may send the material to my Bombay address or 1043-West 35th Street, Los Angeles 7, California, U.S.A., whichever is convenient.

Incidentally, I am writing a short section on I.N.A. in Laos, Cambodia and Vietnam. I have some material on Indian support from Saigon. However, if you feel there are some sources I ought to look into, I shall appreciate your advice.

Hoping to hear from you soon.

I am most grateful to you for your kind letter of the 16th ultimo.

I discovered that though the bulletins of the Bureau were sent to you duly, our book "Crossroads" was, through a misunderstanding not sent with ~~me~~ them. The book, however, have been sent by surface mail last week and it will reach you in due course. I have an extra paper-back edition of Hugh Toye's 'The Springing Tiger'. I am sending it to you by sea mail. Please accept both the books with my compliments.

As regards Rev. Mochizuki's statement, we shall be satisfied with the original Japanese text. In fact the original Japanese text should be preserved. I shall arrange to get the statement translated by a competent translator in India. You are of course welcome to let us have your own translation also for our record. I deeply appreciate the trouble that you have taken to obtain information for us from 'Japan Times', Domei News Agency etc. and also about the books, I.N.A. Literature available in Japan. As to the books, I might try to order them through one of our book-sellers here. As to the photographs, I am interested in all of them but particularly the following at present-

- (1) Netaji speaking in Hibiya Park.
- (2) Paying respect for the tomb of a Sung Yat Sen.
- (3) With Admiral Yoshida on warship.
- (4) At Tokyo Air Port on last visit.

Now about the expenses - will you kindly calculate the total expenditure on account of -

- 1) Microfilms or photocopy of old newspapers.
- 2) Photographs.
- 3) Books.
- 4) Leaflets of I.N.A. and
- 5) Such other material as you may be able to secure for us.

As you know I shall have to apply to the Government of India for necessary foreign exchange to remit the money to you. I would request you to please let me have an estimate as quickly as possible so that I may take up the matter with the Government of India without delay.

Our second English book will be ready towards the end of January next. I shall send you a copy as soon as it is out.

I have received your letter dated 4 Oct. and regret the delay in replying to it. I'm spending my days in meeting the ex-members of the Japanese Southern Army and Ministry of Foreign affairs.

I'm really very glad to know that the Bureau is ready to acquire the materials in S'Pore. I haven't yet got any answer to my letter to the School. So, I don't think it would be possible for me to acquire it on behalf of the school before I leave this region. I'm interested, however, to help the Bureau in acquiring the materials in microfilm or photostat as soon as possible.

I would suggest, however, to make arrangement for Payment of the (I) charge for getting the copy of the materials and (II) cost of either photostat or microfilming with some person in S'Pore who can be paid back in India. The charge of getting access, as I was asked for, is 400-500 M and the cost of microfilm or photostat would be about M 100.

If I am allowed to express myself frankly I do not like to bring any dept. of our Govt. into the picture or bring it to their notice. They are bargaining to acquire these for long time and my approach to the Firm in possession of the materials was through our Ambassador in K.L. who may not like matter to be brought to the attention of others. Under the present circumstances, I think the hope to get foreign exchange from the Reserve Bank of India is remote. The Bureau should try to speedily acquire the materials before they change hands.

In this matter, if my help is necessary I shall be glad to do it. If the Bureau is ready to meet the financial requirements, I can talk, to a friend of mine in S'Pore to arrange for procuring copies of the materials with the help of Kodak Coy. I think he may also be ready to pay both the commercial firm which is keeping the materials as well as the charge of microfilming, if the same amount is paid to his family in India according to the current official exchange rate.

Your opinion on this point may hurriedly be conveyed to me. I shall leave Tokyo on 27 Oct. and reach S'Pore (on my way back to India) on 9 Nov.

The priest of the Renkoji Temple has agreed to give a statement. I am trying to get hold of an interpreter for it. Mr. Ohtaka had not yet contracted me. I have arranged to get photostat copies of about 8 items of documents (in Japanese) on the Provincial Govt. and Netaji from the war History office of the Defence Agency, here.

A casual agent reports on 25th June, 1958 that Swami Satyananda, the pure Life Society (Shuddha Samajam), 6th Mile, Puchong Road, Istaling P.O., Kula Lumpur, communicated on 22nd June, 1958, with Sri Sisir Kumar Bose, Secretary, Netaji Research Bureau, 3B/2, Elgin Road, Calcutta as follows :-

"I was greatly delighted to receive your kind letter of June 8th addressed to my former name and address.

After my visit to your late beloved father, I received orders and am now known as Swami Satyananda. I have founded a new movement called the pure life Society under the inspiration of the teachings of Sri Aurobindo. It was also one of the ideas of Netaji to have a common spiritual and cultural organisation through which the various races and religions, particularly in Asia could be drawn together on an Indian foundation. The foundation stone of the Pure Life Society was laid in 1951 by Swami Sarbuddhananda of Sri Ramkrishna Ashram, Bombay. The Society is now a statutory body. It has members all over South East Asia.

I am in full sympathy with the Bureau and you can count on my humble support for your noble work. In fact Sarat Babu had then spoken to me about some form of Institute to study and propagate Netaji's ideals.

I have some of the personal letters of Netaji in his own handwriting which if you need, I can send to you. I also have the office desk and chair used by Netaji.

I very strongly feel that the ashes of Netaji in Japan should be brought to India and kept in the Netaji Bhawan. I have myself been to the Temple in Japan where the ashes are kept and have paid my respects and said prayers before the casket. When the ashes are brought to India, I would suggest that you call a convention of Netaji's comrades, friends and admirers and on that occasion they may be requested (by previous notice) to give their memories of Netaji. I think you have to work firstly on this idea. Funds may also be collected through the convention for the work of the Bureau. The convention will provide a medium of useful contact. The following information will give you an idea of our present work.

The Pure Life Society is a non-sectarian and non-communal spiritual, cultural, educational and humanitarian organisation founded in Malaya in 1947. Its members and supporters are from all races and faiths.

Its present activities are :-

1. A boy's Home and a Girls' Home with the combined strength of 76 under-privileged children including those of lepers and also mentally defective and deformed children.
2. English Primary and Secondary Schools with a strength of 1400 pupils and 39 teachers. Together with other scholastic subjects, Malay is compulsorily taught to all students, and Chinese and Tamil languages are taught to the respective racial groups. Ethical and moral training forms an important part of education.
3. Providing education and training in civics to adults through Adult Education Classes.
4. A Library of select books of value and importance which is made use of by members as well as other distinguished personages.
5. A Printing Press and Handicraft School and Dispensary.
6. In the Temple of the Universal Spirit of the Society all

12

religions are represented and practised.

7. Publication of spiritual, cultural and educational works including a Quarterly called 'Dharma' (Malay 'Derma') devoted to righteousness, culture and Universal religion.

8. To promote better and closer understanding between the different sections of the population, the Society holds periodical Conspectuses of Religions, Cultures, schools of Philosophy etc. and the papers read are published in book form.

The work of the Society has been highly praised by top-ranking leaders of all communities in the land as well as by visiting personalities from overseas.

For carrying out its manifold activities the Society depends largely on public charity and a small Government grant.

We need selfless helpers and workers to assist in the activities of the Society. Those who possess the spirit of working for the Ideals for which the Pure Life Society stands are always welcome to join in our efforts to promote the happiness of the many without any distinction.

Contributions to the humanitarian activities of the Society are exempted from Income-Tax by Government approval.

Cheques may be made payable in the name of the Society to the Oversea-Chinese Banking Corporation Ltd., and the Indian Bank Ltd., Kuala Lumpur.

17 Jan 53.

My dear Arabindo,

I received two letters dated 12th this morning.

I shall write to Mr. S.W. Kaye of Stewards & Lloyds, London and see what can be done. I had been to S & L Plant in Corby where we put down a Davy-United Mill. I do not know if it will be all recommendation. Any way I shall try and see what can be done from here.

Regarding remittance to Vienna, you do not worry, I have made the permit from the Bank of England in the name of Mrs. Subhas Chandra Bose, 23 Ferrogasse, Vienna. The Barclay's Bank will do it for me and I had seen the manager and this is the draft.

Mrs. Subhas Chandra Bose,

We have received instructions to pay you certain sum of money. We shall be obliged if you kindly call in our office together with the identity card or any other documentary evidence, to hand over the amount.

I completely agree that we should send money to Vienna not on her rights but out of compassion. This I shall make it clear to her not in writing but verbally.

I would like you to send me immediately £ 250/-. The permit from Reserve Bank expires this month. I do not want that money should go through the permit from India because I will not be able to get the details of Anity's identity card. In case I find that she cannot show herself as Mrs. Subhas C. Bose, these documents from Barclays will know the bottom of Ami's and Anty's manoeuvres.

I have already received a letter from my friend in Vienna that he can help me to get a written statement and search of Mr. Subhas C. Bose from "Standesamt" the Registrar's Office in Vienna which is the official organ of all marriages concluded in Austria. He will let me know about the Birth Registration Office later on.

I shall have to do the same for Berlin in regard to the marriage certificate.

Regarding future publication, I do not think, we should go into it at this moment, because there is no popular demand for them and nothing uplifting has come to the political scene to make demand for it. Please ask them to submit returns upto 31/12/53 and send me a copy.

Regarding Spink, I now find they are not very keen, Madhu babu seems good on the face, but behind him there is much subtleness. We should not go into his publishing firm.

I would like to have a copy of the new book Ami has published.

You have sent returns upto 1950. R.4039. What about 1951 and June 1952. Please let me know.

I do not think that you should terminate contact with Spink until we can make an alternative arrangement, which I think will not be possible now.

I wish to sent as a token amount of £50. through the arrangement I have made to remit to Mrs. Subhas Chandra Bose and see what happens. You should send the money from that account immediately. I do not know if I shall get a fresh permit from the Reserve Bank.

This summer I want to go to Vienna personally and Germany and all the material of uncle and see Anty if possible. Then we can say that we were the last to visit her and I do not think, Ami will be coming to Vienna again, because now Mejojataima will say you do with your own money.

I received a letter from Naresh babu and I am writing to him again.

I am sending you and Naresh Babu my letter to Sir Biren and a copy of the reply received. You can go and see Naresh babu if he knows Mr. Gibbon.

I think you will get this letter by Tuesday or Wednesday latest and shall expect a reply by Saturday.

I am better now. I have not heard from Mother or Dui for a long time.

I am much better now. How is Dada's business going on. Dull or bright? What is Partho doing these days.

A casual agent reports on 14 July '55 that one Sisir Kumar Bose, 1, Woodburn Park, Calcutta-29, communicated with Frau Emilie Schenkl, Feroogasse 24, Vienna, Austria as follows. :-

"I hope you received my last letter duly. At last I am keeping my promise of writing again in a fairly short time. We received the news of the end of occupation with relief. We are able to appreciate your feelings in this regard to a certain extent. We all hope the event will lead to improvement in conditions in all directions.

The newspapers also brought us the news of Nehru's visit to you. I am interested to know how the whole thing went. I am sending a few snaps of the last photographic exhibition on uncle's life and of our child welfare work. There is nothing new to report on the activities at Netaji Bhawan except that our welfare work is making steady headway. Speaking for myself, I have become very apprehensive in my own mind about the future and ultimate of Netaji Bhawan. I have doubt now whether my dreams about Netaji Bhawan will ever come true. Something tells me (I have no definite information) that attempts will be made by the ruling circles to take Netaji Bhawan away from us. It will all depend on how we are able to withstand such attempts.

Please do not get worried on account of the last few lines of the preceding paragraph. My fears may be completely unfounded.

How is Omama ? I hope both you and Anita are well. Did you manage to take a holiday this year ?

An exhibition on child life and health is being organised by the Azad Hind Ambulance Service at Netaji Bhawan for December next. We shall try to put up a good show. We are trying to secure materials for the exhibition from all parts of the world. Do you think the Indian Legation in Vienna will help us to secure some materials, on child welfare work in Vienna? If you can think of any other contacts please let me know.

Are you in touch with Mr. Nambiar? Do you think he will help us to secure materials on the Azad Hind movement in Germany during the war? I have the feeling that if serious efforts are made, valuable historical materials may still be secured both from Europe, and East Asia.

If we do not work with a view to immortalising and giving some permanent form to uncle's and father's life-work, nobody else will. If you were in India today, you will get the feeling that in India's struggle two men mattered - Gandhi and Nehru. The rest were just extras. But I have faith that truth will ultimately prevail.

Special Branch, C.I.D., Madras-4.  
Dated the 22nd April, 1958.

To  
The Deputy Director,  
Intelligence Bureau,  
New Delhi.

It is reliably learnt that Sisir K. Bose, Secretary, Netaji Research Bureau, Netaji Bhawan, 38/2, Elgin Road, Calcutta, informed Sakthi Mohan, Editor, 'Kannagi', Madurai on 4.4.58 as follows :-

"You may have seen announcement regarding this bureau in the press. I am sending herewith a short note on the objects and programme of the Bureau which may be of interest to you.

I have heard about your work in East Asia during the Azad Hind movement and I am looking forward to your contribution to the great difficult task we have undertaken. Our primary task is to collect all available materials. Will you kindly get us all that is possible and also let us have useful contacts in this country, Burma and Malaya ?

Please also send us your suggestions as to how we should develop this bureau. We are also requesting erstwhile comrades of Netaji to give us their reminiscences for our record. This will be very useful at the time of preparing a standard biography.

Looking forward to your reply".

Enclosure :

Netaji Research Bureau,  
Netaji Bhawan, 38/2, Elgin Road,  
Calcutta-20.

The Netaji Research Bureau is sponsored by the department of Social Education and Research of the Azad Hind Ambulance Service, inspired by the teachings of its great Founder Sarat Chandra Bose, the Azad Hind Organisation seeks through the Netaji Research Bureau, to make a lasting contribution to the study and understanding of Netaji's life and Mission.

The objects of the Bureau are first, to collect all available material relating to Netaji's life and activities, viz. speeches, writings, letters, documents, books, records films etc. from all over the world; secondly to conduct research in a planned and scientific manner on such material; thirdly to create Netaji 'Archivs' at Netaji Bhawan on a permanent basis; fourthly to arrange for publication on his life and the preparation of a standard biography.

It is intended to invite distinguished, public men, scholars, historians and erstwhile associates and comrades of Netaji to associate themselves with the bureau and guide its activities. A working committee will be in charge of its day to day work.

It is the aim of the bureau to adopt the most modern and techniques in conducting its work and also to create research fellowships as soon as the necessary financial resources are available.

The bureau has been departmentalised as follows :-

1. Reception section, 2. Sorting and Editing Section, 3. Photographic-

laboratory (mainly for micro;film work), 4. Archives sections, 5. Netaji Library, 6. Publications sections and 7. Information centre, lecture forum and exhibitions section.

Arrangements are underway to microfilm. All important manuscripts, documents, letters etc. and preserve them in the archives. Special efforts are being made to secure all available articles used by Netaji in India, and abroad and give them permanent place in Netaji Bhawan.

Collection of materials and study of Netaji's life have been started under the following heads. I. State of India Society during the quarter of a century preceding Netaji's birth, 1897, (II) Family history, birth and early environment, (III) Boyhood and Youth 1902 to 1920, (IV) Appreciation in national service, 1920-1926, (V) Leader of Youth, 1926-1930, (VI) Early days in national politics 1930-1933, (VII) First political Mission abroad, 1933, 36 (VIII) Rise to National leadership, 1937-1940, (IX) The Great escape from India, 1941, (X) The Azad Hind Movement in Europe and Asia, 1942-45.

The Bureau will endeavour to collect the names of the officers and men of the Azad Hind Fanj who fell on the battlefield and have them inscribed permanently on the walls of Netaji Bhawan.

"Jai Hind".

A casual agent reports on 14.3.64 that S. Chatterjee, Journalist, 348 Dal-  
housie Street, Rangoon, Burma, communicated on 10.3.64 with Dr. Sisir K.  
Mazumdar, Secretary, Netaji Research Bureau, Netaji Bhawan, 32/3 Elgin Road,  
Calcutta - 90, as follows :-

I have written a book "MY WAR DAYS IN BURMA" and the major of this  
book deals with the INA in Burma and my contact with Netaji during the  
war period. I cannot publish this book here owing to very cost of printing  
nor I could print in Calcutta as I would not be able to remit the printing  
cost under Foreign Exchange Regulations nor I could get these books here  
because of the Import Regulations. I have therefore decided to give over  
this book to the Bureau as a gift only a condition that it is printed by  
the Bureau and the sale proceeds of this book will go to the funds of  
Bureau and that only 50 copies of this book should be given to me free  
of charge. The delivery of these 50 copies will be arranged through my  
brother in Calcutta. Do you think such a proposal is feasible and accep-  
table to you? On hearing from you I will send the typed manuscript for  
your perusal and final decision by registered airmail to you.

I had the honour of presiding over the birthday anniversary of  
Netaji organised by the Bengalee Association on January 23 in Rangoon and  
it was well attended and we had interesting speakers in different Indian  
languages.

I hope you remember me and need no fresh introduction but to  
reminde you I might say I was the Director of Broadcasting, Publicity  
Officer, Kailash Camp Commandant and Deputy Administrator of Indian Affairs  
in the whole of the Shan States.

A casual agent reports on 12.9.55 that James P. Florin, Secretary to the Managing Editor, The Atlantic Monthly, 6 Arlington Street, Boston, MA, communicated on 7.9.55 with Louis E. Rose, General Secretary, National Research Council, National Bureau of Standards, 3512 Elgin Road, Calverton, MD, as follows:

I am sorry for the delay in replying to your inquiry of July 26th. We have checked our files and find no record of a report or an article about Father Chavira Rose. I am therefore sending your letter to Harper's magazine in New York or to Chance that they might have published something about Rose in 1938.

By G. 324  
The Atlantic Monthly has forwarded  
to us your letter of July 26.  
Harpur's Magazine did not  
however carry the article on British  
Children's case which you are seeking.  
We find from a reference volume  
that we have in fact that the following  
articles about him were published in the  
Country in 1937 and 1938:  
"European Child Board" in The Living Age  
Magazine "India in Transition" Nov 1937  
The Living Age, April 1938 "Child of  
Freedom: Indian National Congress";  
Time Magazine, March 7, 1938.

Since Time is still being published  
perhaps you could get a copy of that  
old issue from them by writing and  
ordering it directly. The address of  
that periodical is Time and Life Build-  
ing, Rockefeller Plaza, New York 20,  
New York.

The Living Age is no longer pub-  
lished and we regret that we cannot  
tell you how to get copies of it. Perhaps  
The New York Public Library, 41 Fifth  
Avenue and 42nd Street New York would

We are willing to make copies of a  
periodical from the periodicals in  
file. though we are not sure  
about this. otherwise, perhaps you  
could find these issues through a  
periodical book number dealer.

There is one in New York named  
Abraham's Magazine Service, 56  
East 13th Street; and the H. W.  
Wilson Company, 958 University  
Avenue, New York, if you do not  
have a more direct way of getting  
copies perhaps you could try one  
of them.

To:- Dr. Sisir K. Bose,

Calcutta 20, India.

20-10-52

My dear Sisir,

Thank you so much for your letters, the book and the publication "Forum on Food" which I got all in due course. I must apologise for not having written to you earlier. But there was, as usual, some up in our flat and I could not do anything in the line of writing.

The book is really very tasteful and I have had already occasional glances through it, since the time for thorough reading was missing. Also the publication is very interesting and I do hope that more of this kind will follow.

Through the letter you sent to Mr. Ramaswamy I have learnt that Rama and Mibla have safely arrived in Calcutta. It must have been an exciting experience for your mother specially, to have Rama back and making the acquaintance of the little one. How did you find both of them? Isn't he a sweet little boy? I really do wish, I could have seen him once more before he left Europe, because when he left Vienna, he was only 29 months old and now he must be quite a big boy. Give him a special kiss from us.

How is work in Elgin Rd going on? I do hope, smoothly and successful-ly. When you have time, please write in detail to me, you know that I have always a great interest.

On October 2nd there was a small gathering at the occasion of Gandhiji's birthday. Since I had often refused to come I went this time. And on the 18th inst. there was celebration of Diwali in Nishkar's Kurnal. Since I did not attend last year, Anita and myself went this time. It was quite nice, plenty of people attended, a number of professors of the medical faculty and others. There are also many Indians in Vienna now. I don't know them, since I don't meet anybody. There was one Mr. Hari Vishnu Kamath who has just come for 2 days to Vienna on his way back. He came to see me yesterday and brought two books for me, the one "Netaji" edited by Shri Ram Sharma and the other one "Unto Him a witness" by S.A. Ayer. I think, you might have seen the book. If not, try to see it and note pictures on page 275. Simply idiotic. The conversation was floating on at a non-committal basis but I gathered that the fact that the professor had written a letter, is widely known. And that is what they call a simply personal matter. Now I have for time time enough of seeing people. Only person I will probably meet within the next few days, might be Mr. Satilwala and Mrs. Lalal who are on a European journey now. They were due to arrive last Friday already but did not come. I have however no reason to avoid them too. Ali-baba, I was told is also ill. So he could not come for the Diwali. Thank God.

Anita is doing quite well in health and school. She is growing in length and also quite well built, though by far not a fatty. They are having English lessons now at school, which interest her quite a lot.

Sisir, there is one request I have to make. Ramaswamy has been asking me to lend him my copy of the Indian struggle (the new one) and also Mrs. Retros is very keen to read it. I think as soon as the others come to know of it, they will also request me for it. Could you please get me at least 2 copies (one for Ramaswamy and one for Mrs. Retros) so that I need not give my own copy away and perhaps never get it back again. Besides, Ramaswamy has been very nice and helpful in re; to the two dispatches, so that I would like to sort of thank him in this way. Think, there must be a few complimentary copies available. How many do the publishers give? Because I am quite aware that you also need several yourself.

As I told you, there was an upheaval in our flat. You see, we had to have the flat repaired in our anti-room, since we were in danger of one day breaking down into the cellar. And after this had been done, the whole flat had to be cleaned. Fort nately we found two ~~six~~ dear women to do the rough-work. But books and ~~Cupboards~~ I did myself. Omma could not do much because the cooking alone was nearly too much for her. So I had to do the whole lot alone on top of my bureau work. It took us of course some days to get ready. I really wonder, what will come next. Thank God my health is near normal after I had some home from Maria this year so that it is much easier for me to stand the strain. I think, what I needed was only rest: the 3 weeks I took plenty of rest. I slept very much which was the most important thing for me.

Well, Sir, this is all for the present. I don't know, if Ixi is already back in Calcutta, so I enclose a letter to him in this. I also enclose a snap of the naughty girl for Ixi, which you please give to Mom. Since she has seen enough of my blessed face when she was in Vienna, please tell her that I think it is sufficient when she saw it on the photo I sent to you a/o her, while she was still in London.

Please give her and the little Babla my special love. And convey some also to your dear mother and all the others. Take best wishes and love yourself.

Yours v.affly  
ed/-Aunt

Naughty girl sends fondest kisses to every body and Omma sends best greetings and love to all. Did you get my letter which I wrote towards end of September to you?

Vienna 20-10-52

My dear Ami,

Thanks so much for your letter and post-card. I was glad to receive your news after such a long time. I hope, both Dolly and you have or had a fine time in the hills and will be refreshed to begin new work.

I am very glad that the book has been so well received by the public & Co. Since you have full power to act from my side, I must leave the decision to you. I am afraid, I cannot suggest much, since I am too far away and besides, I have no idea about the legal side of the whole affairs. If you could enlighten me on this point, then I could perhaps give you some ideas. The cheap edition should be brought out, but how.

Re: The money side, I would rather not try to get it back from Aurbindo and Raju. After what, I have written to Aurbindo last year. You will understand it. If I could, it might seem that I am trying to get in contact with him again, and I do not think this course advisable. But I think you should consider how we could stop them from further publications.

Let Buchangshu come. I do not have the time for a meeting. If necessary I shall be out of Vienna (not really, but for him).

Thanks very much for the things you have twice sent to Mr. Rameswar. I got it both times. He informed me immediately but I could not always meet him the same day or next day. You see, I have really lot of work to do.

Let me close my letter to you to-day, it is getting late and I must be in office to-morrow by 7 A.M. I really had time to start one's office work.

Hope this will find all of you in best health. Please give our love and best wishes to every body in the house. How is Anna and family getting on?

Do you know that telephone conversation between Austria and India has been established already? If only it were not so expensive (3 minutes about 300 shillings) I would have rung you once. With love once more.

Yours v.affly  
ed/-Aunt

Anna sends many kisses and promises to become quite pretty when she is grown up.
